

Activities proposed

Based on the series of discussions held with the different stakeholders the following activities are suggested for the micro watershed.

Table No. 15.8 Details of activities suggested

Entry point Activities	
1	Renovation and side protection of Vazhathoppupacha Kanchinada Thodu
2	Vegetable Cultivation (Homestead/Terrace)
3	Planting avenue trees with tree guard
Natural Resources Conservation Activities	
1	Stream bank protection – engineering structures (1.50 M height)
2	Stream bank protection – engineering structures (1.00 M height)
3	Stone pitched contour bunding
4	Earthen bunds
5	Centripetal terracing with husk trenching and mulching
6	Strip terracing for rubber
7	Moisture collection pits
8	Wasteland development (planting of horticultural plants)
9	Planting horticultural crops as intercrops
10	Afforestation of school compounds and public buildings
11	Gully plugs
12	Foot bridges
13	Water harvesting structures (wells)
14	Supply of Terafil Water Filter
15	Well recharging
16	Improvement of public wells
17	Improvement of existing wells
18	Renovation of drains
19	Renovation of ponds
20	Mini drinking water scheme
21	Renovation of borewells by replacing GI pipes with PVC pipes
22	Solar electrification of Anganavadis
23	Solar junction lights
24	Supply of Portable solar lamps
25	Bus shelters with solar panels
26	Biogas plant
27	Stream bank stabilisation using Geo textiles
28	Conservation of sacred grooves
29	Live hedges
30	Fodder cultivation
